

## MISSION STATEMENT

**To uniformly enforce and provide consistency in interpretations of the State of Georgia Minimum Standard Codes; continuously conduct research in order to improve the standards of construction and geographical information; disseminate information on the codes in order to educate and safeguard the public from any imminent threat of code violations.**

**To do so, we will build on the continuous dedication of our employees to work towards achieving and implementing innovative programs to improve the efficiency and effectiveness of the department. We will be committed to anticipate and respond to changes in the construction and GIS industry and continue to provide educational programs and opportunities to educate the personnel of our department, the residents and the business community of the City of Hinesville.**
